

# PACKERS ACCEPT DAVIS' SUGGESTION

## REPRESENTATIVES TO BE SENT TO CONFER REGARDING SITUATION

Decision is Reached After An All Day Conference By the Heads of Packing Interests--Message is Signed By Armour and Company.

CHICAGO, Ill., March 12.—After an all day discussion by heads of the packing industry a telegram was sent to James J. Davis, secretary of labor, at Washington accepting his suggestion that they send two representatives to confer with him and two representatives of the employees regarding the present situation in the industry.

The telegram which was signed by Armour & Company said:

"Your message received. Will be glad to follow your suggestions."

A statement given out at the same time the telegram was made public said:

"We assume that the justice and necessity of wage cuts will not be an issue. Nor can there justly be an issue on the matter of hours."

Secretary Davis' offer of personal mediation in an effort to avert a threatened strike in the industry also was accepted by the Union leaders.

Dennis Lane of the Amalgamated Meat Cutters and Butcher Workers sent the following telegram to the labor secretary:

Employees Statement.

"It has always been and is the policy of our organization to co-operate with all governmental agencies. We accept your tender of services to work out a solution of the present situation brought about by the deliberate and arbitrary violation and repudiation by the five big packers of the agreement now in existence between your department, our and other labor organizations and the packers."

"We respectfully suggest that the conference be held in Washington next Friday, March 18, as we have a conference arranged here for March 16 of all trades involved."

The statement issued by the packers makes no mention of war time arbitration agreement cancelled by them on February 26 and says regarding the recently announced reductions of wages and readjustment of working hours that "except thru such measures as we have adopted, the possibility of industrial difficulties that might close our plants would stare us in the face."

Packers Statement.

"The nation's insistence on a return to normal and its refusal to pay war prices in peace times, has caused the prices of our products in the aggregate to drop to practically pre-war levels. This fact forced the prices of livestock down to a point which threatened the very existence of the livestock industry. Our business has been conducted at a loss for two years, and all the time our operating expenses remained at the war time peak. Wage reductions are not a matter of choice, they are essential not only from the employment standpoint, but from the standpoint of livestock producers who are having to bear with us the losses involved."

"We assume that the justice and necessity of wage cuts will not be an issue."

"These companies are not responsible for the day by day fluctuations in livestock receipts—fluctuations illustrated by the fact that on some days there have been less than 1,000 cattle on the Chicago market while on other days there are as many as 49,000. It is obvious that a work day of a fortnight number of hours cannot be a measure for determining the actual working hours. It simply served to penalize work in excess of eight hours and provided no offset for work of less than eight hours. Any adjustment of wages that requires extra pay for less than 48 hours work per week—unless that work is performed at unusual hours—is an unjust tax on the business which the public eventually has to pay."

"Our plan contemplates giving the men 48 hours weekly and does not contemplate reducing the present work force and thereby adding to the great numbers of men out of employment."

Washington, March 12.—The

## MANUFACTURE OF BEER, WINES AND WHISKEY ALLOWED

Ruling of Palmer is Said to Permit This

COULD GET BEER BY THE CASE AS TONIC

(By The Associated Press)

WASHINGTON, March 12.—The recent ruling of former Attorney General Palmer, permitting the practically unlimited manufacture of beer, wines and whiskey for medicinal purposes will stand, Solicitor General Frierson said today, unless the treasury department should ask for its reconsideration. Such a request is not under contemplation, it was said at the treasury.

Opinions are issued by the department of justice only to the president and members of the cabinet, Mr. Frierson explained, and are not matters in which private individuals may participate. A review would be made only, he added, on motion of the department originally making the request and a change made where an error of law was found.

Get Beer by the Case

Under this most recent interpretation, officials declared of would appear that a patient for whom beer was prescribed would be able to obtain it by the case, as it would probably be ordered as a tonic and it would appear unreasonable to require a person to procure only one or two bottles at a time.

Study of the new ruling, officials said, has disclosed that the whole theory of prohibition enforcement on which the internal revenue bureau has been proceeding, has been overturned. The prohibition unit, officials explained, has worked on the theory that it possessed regulatory powers under the act which permitted it to limit the use and distribution of intoxicants excepted by congress from the general ban.

By the most recent view of the law, officials maintained it would seem that that theory is now denied.

STREET FIGHTING CONTINUES IN RUSSIA

NEW YORK, March 12.—The magazine Soviet Russia today made public the following cable message it said had been sent from Moscow today by the Russia Telegraph Agency:

"Street fights continue in Kronstadt between the mutineers and those loyal to the soviet government. Some of the strongholds of the mutineers have surrendered. Word has been received from Troitzky, in command of soviet forces fighting mutineers, that extinction of the adventure is imminent."

"Information has reached Moscow that Kautsky, the last foothold of the reactionaries in Georgia has been completely overthrown. This makes the whole of Georgia a soviet republic."

COMMITTEE INVESTIGATES AFFAIRS OF PRISON

Chicago, March 12.—The prison affairs committee of the Michigan lower house was here today investigating alleged agreements between Chicago purchasers and Alfred West, manager of prison industries.

West is now under arrest for the alleged acceptance of money from persons to whom he agreed to sell the prison product.

Representative George Lord, who headed the committee said tonight the committee had not completed its work here, but would go to Marquette, Mich., for further investigation and return to Chicago next week.

HARPER BUGGY PLANT DESTROYED BY FIRE

Columbia City, Ind., March 12.—Fire believed to have started in the barnyard of the Harper Buggy Company today caused a loss estimated at \$150,000. The buggy plant and five residence properties were destroyed.

DISCOVER DETAILS OF CONSPIRACY

Florence, Italy, March 12.—Discovery of the details of a conspiracy which caused the recent disorders in Lucca was announced today by the police who declared the ring-leader was the editor of the revolutionary pamphlet "The Cry of Revolt."

## PLANS OF SENATE LEADERS TO END SESSION BLOCKED

Action Said to be Wanted on Important Appointments

COL. HARVEY FOR BRITISH AMBASSADOR

(By The Associated Press)

WASHINGTON, March 12.—Plans of senate leaders to end the special session were overthrown by a combination of further delays at the White House and capitol affecting important appointments on which the administration wants action before adjournment.

Failure of President Harding to send in his nominations for the shipping board, understood to have been the principal hamper to bringing the session to a close. It was indicated that the president was having difficulty in inducing some of the men he wants to accept.

The senate also heard that Mr. Harding might ask to pass judgment before adjournment on the nomination of Col. George Harvey, New York editor, to be ambassador to Great Britain. Selection of Colonel Harvey is understood to have been definitely decided on, and although Mr. Harding was not ready to transmit the nomination today, the Republican managers in the senate conducted a poll of the foreign relations committee on the question of confirmation.

LaFollette Furnishes Cause

Still another cause for prolonging the special session was provided by Senator LaFollette, Republican of Wisconsin, who objected to immediate consideration of the nomination of former Representative James E. Esch, of that state, to be a member of the interstate commerce commission. Until the senate rules the nomination sent from the White House yesterday had to be put over until Monday.

Meantime the senate cleaned up most of its slate of accumulated nominations, voting confirmation of a number sent in earlier in the week, and on several more President Harding had submitted today.

Mark Foster, of New York, who came to the interstate commerce commission was sent to the senate with that of Mr. Esch, was confirmed. Among the selections submitted by the president during the day and favorably acted on by the senate were William W. Hubbard, of Vermont, to be commissioner General of Immigration, Harry H. Dillany, of Delaware, to be fourth assistant postmaster general, and Carl Mapes, of Michigan, to be solicitor of the bureau of internal revenue.

The belief tonight was that the Harvey nomination, along with several selections for the shipping board, would be ready to send to the senate early next week.

STRONG LIQUID POISON DISCOVERED

NEW YORK, March 12.—The chemical warfare service has discovered a liquid poison so strong that three drops will kill anyone whose skin it touches. It became known today. Falling like rain from nozzles attached to airplanes, the liquid would kill everything in the aircraft's path, according to a high official of the service. A description of what the new war weapon would do in the opinion of this official follows:

One plane carrying two tons of the liquid could cover an area 100 feet wide by seven miles long in one trip and could deposit enough material to kill every man in that area, and if those on the ground were not protected by gas masks, the area of fatality would be many times greater.

The only limit to the quantity of this liquid which could be made is the vast amount of electric power, as nearly every nation has practically an unlimited supply of the necessary raw material.

The chemical warfare service is developing protective clothing to entirely cover the wearer and make him impervious to the deadly liquid.

## OHIO CITY QUIET AFTER NIGHT OF STREET FIGHTING

Officials Are Assisted by Soldiers in Keeping Order

SHOOTER OF POLICEMAN GETS QUICK JUSTICE

(By The Associated Press)

SPRINGFIELD, O., March 12.—After a day of preparation, Springfield officials tonight announced they were ready to cope with any situation that might arise in connection with racial disturbances which last night resulted in the wounding of a policeman and a negro and which have kept the city in a turmoil since last Monday when an unknown negro assaulted 15 year old Marge Ferneau.

Sheriff David Jones with eight companies of National Guardsmen as his aides, tonight had barred all traffic from city streets, closed stores, theatres and all public gathering places and ordered all citizens to remain in their homes after six p. m. Guardsmen patrolled the streets on foot and in army trucks with machine guns, poking threatening muzzles over their sides.

Another precautionary measure taken was the expeditions bringing to justice of James White, 7 year old negro and confessed assailant of Patrolman Joseph Ryan, whom he shot three times last night in the opening phase of disorder.

Quick Justice Administered.

Captured shortly before noon today by a posse of farmers following a running pistol battle, White was brought to this city, taken before Judge Geiger in juvenile court and taken to the Mansfield reformatory following his plea of guilty to carrying concealed weapons and shooting with intent to kill.

Today passed quietly with no untoward incidents.

The Ferneau girl is in the city hospital and her chances for recovery were said tonight to be fairly good.

Patrolman Ryan is recovering. Sheriff Shafer, the negro who was shot during the street fighting last night, was transferred today from the hospital to the county jail where a score or more men and boys arrested last night are held for investigation. The prisoners are being held without bail. Many of them are youths. The jail was constantly under guard of machine gunners and armed infantrymen.

Springfield civic and other organizations were cooperating tonight with the city and military organizations in trying to prevent further disorders.

EXAMINE WITNESSES IN MATEWAN CASE

WILLIAMSON, W. Va., March 12.—The prosecution in the Matewan battle trial, examined ten rebuttal witnesses up to noon today, when court adjourned, owing to the illness of one of the defendants.

"Doug," Mounts, reported ill early this week, was unable to appear in court this afternoon and Judge Bailey announced adjournment until Monday.

Testimony of the rebuttal witnesses, while pertinent, was for the most part repetition of evidence submitted previously.

W. G. Cornet, who said he was an eye-witness of the battle, was called by the prosecution in an effort to show that Albert Felts, leader of the Baldwin-Felts detectives, who took part in the fight, did not give his men a signal a few minutes before the start of the battle. Several defense witnesses testified that while Felts and Mayor Testerman were standing in front of a hardware store talking the former stood on his tip-toes shortly before the first shot was fired and told his men to "line up."

Judge Bailey did not permit the evidence to go to the jury, but it was read into the record.

FORMER POSTMASTER GAVE HIMSELF UP

Bloomington, Ill., March 12.—Daniel W. Baker, former postmaster at Chestnut, Ill., who departed November 28 last with \$1,200 of funds belonging to the post office department and who has since been traveling in the south and west, today walked into the office of Postal Inspector J. H. Hartman in the federal building in Bloomington and gave himself up.

MAK BIDS SUBMITTED FOR NAVY'S COAL

Washington, March 12.—Many bidders submitted tenders at the annual opening of bids for the navy's coal for the next year. 1,828,000 tons of bituminous and 51,000 tons of anthracite being required. Much more bituminous coal was offered than was needed.

Quotations on steaming coal ranged from \$3.98 to \$5.04 per ton.

## STATE PRODUCES MORE TESTIMONY IN HAMON TRIAL

Politics Also Brought Into Trial by One Witness

CLARA HAMON TRIED TO RENT AIRPLANE

(By The Associated Press)

ARDMORE, Okla., March 12.—Additional testimony that Jake L. Hamon, Oklahoma Republican national committeeman, had declared on his death bed that he had been shot by Clara Smith Hamon, as he lay on the bed in his hotel room, was introduced at the woman's trial today.

W. B. Nichols, a business associate of Hamon, corroborated testimony of yesterday as to the shooting, and the Rev. T. E. Irwin, who conducted Hamon's funeral service, quoted Hamon as saying that Clara Hamon told him the affair was "a frame-up by others," and that she was sorry for what she had done.

Politics Brought In

For the first time in her trial politics was touched on when one witness stated he had been told by Hamon to "take direct to Warren Harding" the matter of appointment to office of several of Hamon's friends. In whom "no prominent Oklahoman" had expressed deep interest, even while dying. Then after the alleged "frame-up" was not touched on by either state or defense counsel and Dr. Irwin did not get to complete the statement he had started, because of an interruption by defense counsel.

The clergyman did not have direct information from Hamon that the young woman had shot him, he said.

Not so, however, with W. B. Nichols, former chief of police of Oklahoma City, Okla., and business and political associate of Mr. Hamon.

Mr. Nichols was the second man thru whom the state had sought to introduce an alleged dying statement from Mr. Hamon and his testimony like that of Kelly M. Roach, an Oklahoma City insurance man, yesterday, to the effect that he had been told by Hamon he knew he was dying and that Clara Smith Hamon shot him.

Walks to Sanitarium

"Bill, she got me," Nichols quoted Hamon as having said, and continued that Hamon had asserted he was lying down on the bed of his own room, which adjoined that of the defendant, when Clara Hamon came to him, placed her left hand on his head and fired a bullet into his body. He told how Hamon had said he threw up his left arm to knock a chair off the arm, but too late, then leaped to his feet, knocked the pistol from the woman's hand, recovered it, and then walked to the sanitarium where he died five days later.

The former chief of police testified that he was in Hamon's office the following morning, when Clara Hamon entered.

On cross-examination, Mr. Nichols denied he had seen bruises and marks on Clara Hamon's face and hands at that time. The defense has indicated a plea that Hamon was shot in a fight with Clara and that the bullet which killed him was fired while he was in the act of striking her with a chair.

Clara Hamon Demanded Money

Thru Mr. Nichols it was brought out that Clara Hamon demanded \$5,000 from Ketcher, on which to leave Ardmore, and that the business manager agreed to get it for her. Nichols quoted Clara as having said Jake Hamon told her she might have that amount.

Defense counsel so far has been strict in bringing statements from each of the three state witnesses, who swore to knowledge of the manner of the shooting, that they had kept it a deep secret, having said nothing to Russell B. Brown, county attorney, when he was making an investigation, or to Sheriff Garrett.

Each witness testified he had been bound to secrecy by Hamon from his death bed.

Attempted to Rent Airplane

Other points brought out were that Everett W. Sallis, a chauffeur of Dallas, Texas, had driven Clara from Dallas to Cisco, Texas, where she boarded a train for El Paso, Texas, en route to Chihuahua City, Mexico; that she had attempted to rent an air plane from Dallas and that on the trip west from Dallas, she had ridden with two pistols partly concealed in her lap. Sallis testified he made the first statement regarding having driven for the defendant to a newspaper man and received \$50 for it.

He said Clara Hamon told him she had shot a man, hoped he died and that she had asked whether a new or old pistol was the better to shoot a man to kill him. Sallis said he told her an old one, as rust and dirt would help to make the wound worse.

## WALLACE APPEALS TO EVERY GOOD CITIZEN TO ASSIST FARMER

New Secretary Says That People Do Not Realize Just What Has Happened to the Farmer—Asserts Situation is a Terrible Indictment of Our Modern Civilization

(By The Associated Press)

WASHINGTON, March 12.—An appeal for "every good citizen" to do what he can to help the farmers thru the period of depression, not for the sake of helping the farmer alone, but for the sake of helping himself, was made today by Secretary Wallace in his first formal statement.

Prices of farm products must rise and products in other lines come down before the normal relation between them has been restored, Mr. Wallace asserted. Talk of bringing prices back to a pre-war level he declared, "is morally wrong and economically impossible" adding that "everybody would be better off," if an effort were made to bring about a price level, say a 70 per cent above the pre-war level.

Secretary Wallace said he doubted whether the people in the east "realize just what has happened to the farmers of the producing sections."

Farmers Suffer Loss.

Citing conditions in the central west as an example he said that there notwithstanding "that we have the finest rural civilization the world has ever seen," the farmers are now in a "most trying period and are suffering severe financial loss."

Farmers throughout the nation, especially those in the south and west, he added, are experiencing exactly the same trouble.

The "widespread agricultural depression" from the high cost of production and because farm products have "dropped 'out of all proportion' to the prices of other things," Mr. Wallace said. "While the farmer," he continued, "is selling the things he produces at prices no higher and for great surplus crops, lower than pre-war normal, he cannot buy practically everything he needs at prices from 50 to 150 per cent above the pre-war normal."

Is Terrible Indictment.

"It is a terrible indictment of our modern civilization," Mr. Wallace asserted "when this great country is in the period of what might almost be called economic chaos because of our great surplus food supply while across the seas, in both directions almost half the world is suffering for want of food. If our statesmen had given more thought to getting the world back on a sound economic basis and perhaps had spent less time on idealistic schemes and theories they would have rendered a great contribution to the peace and orderliness and happiness of the people on the earth."

The department the secretary said would do everything possible to find an outlet for the great food surplus. Ways of producing more cheaply, new uses for surplus crops and better marketing systems, he said would help the situation. Everything which influences the production and price must be considered, the secretary said—competition from foreign lands where the standards of living are lower than here, world conditions of supply and demand, administration of the credit machinery and of the transportation system. Those who control the finances of the country have the power to influence either directly or indirectly, thru credit extension a large amount of control over the prices of farm products, he asserted.

SAVINGS DEPOSITS BREAK ALL RECORDS

(By The Associated Press)

NEW YORK, March 12.—Savings deposits thruout the United States in 1920 eclipsed all previous records. Statistics made public here tonight by the savings bank association of the state of New York showed that deposits in the 635 savings institutions on January 1 last totaled \$5,535,389,304 an increase of 9.85 per cent over the previous banner year, 1919.

The 21 mutual savings banks in the middle western states reported an increase in deposits of \$10,851,938. The greatest individual gain in this group was made by Ohio, with an increase for the year of \$3,892,656. Wisconsin made the greatest percentage of increase, 25.66.

Geneva, N. Y., March 12.—The board of control of the state agricultural station today elected Dean R. W. Thatcher of the College of Agriculture in the University of Minnesota, director of the Geneva station.

COW OFFERED PRESIDENT HARDING

(By The Associated Press)

WASHINGTON, March 12.—A cow has been offered President Harding by a Libertyville, Ill., man, who in a letter received today at the white house, said it was his hobby to raise very good Jersey cows and to place them where they will be most appreciated.

During the Taft regime "Pauline," a prize Guernsey, furnished milk for the white house table.

Lack of a suitable home for a cow on the white house grounds may prevent the president from accepting the offer.

REVENUE REVISION WILL PRECEDE ANY TEMPORARY TARIFF

Representative Mondell Issues This Statement

SAYS QUESTION IS MOST IMPORTANT ONE

(By The Associated Press)

WASHINGTON, March 12.—After a conference with President Harding, Representative Mondell, Republican house leader, in outlining today the program and policy of the new congress, declared revenue revision legislation should be considered ahead of any temporary, or stop-gap tariff.

Mr. Mondell held that enactment of a temporary tariff bill along the lines of the Payne-Albright measure, would require as much time as would be necessary to pass a permanent tariff.

If the country demands relief and an emergency law the Republican leader suggested this be confined a simple anti-dumping provision and possibly an amendment to the present law basing rates on American rather than foreign values. In this way, he contended such a measure might save the situation during the long congressional consideration of a permanent law.

Is Important Question.

"How to tackle the allied questions of tariff and revenue is the important thing," Mr. Mondell said. "I realize the importance of getting a tariff bill on the statute books at the very earliest moment and I felt that we could introduce, pass and sign very promptly a temporary measure, I would be glad to favor it even though it were not an ideal tariff bill. But having serious doubts that this could be accomplished, I am inclined to the opinion that the ways and means committee should get to work at once on a permanent tariff measure."

"In the meantime we should submit and we should pass thru the house such revision of the revenue laws as seems wise. The senate would then be occupied in consideration of the revenue bill while the house committee was concluding the preparation of a permanent tariff bill."

"If we pursue this course we should be able to put thru a revision of the revenue laws and a permanent revision of the tariff before we adjourn the special session, say about August 1."

Scarcity of food is reported in Russia, one of the richest nations in the world in natural resources. There will always be scarcity of food where there is no respect for property rights. Few men are willing to toil only to have the fruits of their toil taken away by a socialistic government.

It has grown to be quite a custom in labor disputes to make direct appeal to the president of the United States. In present differences between the packers and employe fith reference to wages the appeal from the workers to the president followed quickly the announcement of the

packers of their intention to put new schedules into effect. President Harding promptly referred the matter to the labor department and each party to the controversy has been asked to name two representatives to present the facts.

Ordinarily the government should not be expected to intimately concern itself with each wage controversy but since industrial unrest is just now a matter of great concern possibly the government could do nothing more helpful than to seek to bring about an amicable settlement of this dispute.

A farmer near Kewanee was recently robbed of \$12,000 that he had hidden away in a chest at his country home. The farmers hereabout who have been either feeding livestock or selling their grain say that there is no danger of their suffering similar losses.

Locally, at least, there is no cause for worry about a strike tie-up of the big packing houses. Jacksonville has a packing house of its own, and there are hundreds of farmers who can bring in cattle or hogs on a day's notice if the need for these animals as a food supply comes.

Col. Harvey, it is said, is quite certain to become ambassador to Great Britain. He has many qualities to fit him for this post of honor and responsibility, but it is not out of place to hope that not quite all of his characteristics as a virile publicist will be in evidence in his diplomatic career. Col. Harvey is one of the most brilliant men in the public eye, but he cannot be termed with equal truth one of the safest.

A representative of the Boy Scout movement is to address a Jacksonville audience tonight. Locally, people are finding out more and more about the Boy Scout movement and recognize its worth and meaning. Too much cannot be done for the encouragement of Boy Scout organizations, and it will be a fine thing for Jacksonville and Morgan county when a full time scout master can be secured.

"A Scout is brave, a Scout is truthful, a Scout seeks to do a service every day;" these are just a few of the fine sentiments in the Boy Scout's creed.

Last year there was much opposition in Decatur to the wheel tax, which the drivers of horse drawn vehicles and motor cars were required to pay. The objection was made that it was double taxation. Now there seems to be a change of attitude and members of the motor club are urging that the effort to repeal the law be stopped. The good reason given is that the city needs the money to help along with its ordinary expenditures.

## JUST ONE WAY TO SOLVE THE PROBLEM

A law has been proposed in the state legislature which purports to require each bank in the state to make loans within thirty days after the law becomes effective, to individuals for the purpose of building houses. This must be listed as a part of the freak legislation that is suggested at each session of the general assembly. Banks are willing to lend money to persons who are responsible and some responsible persons are willing to build houses just as soon as the costs of building are reduced to such a point that house building offers a profitable investment.

There is no other way to solve the housing problem which bothers so many cities except by the building of more houses, and certain it is that there will be very little done in the house building program until costs again become reasonable. That is far from the fact today, for material prices have been only slightly changed and wage schedules are just the same as have prevailed for the past year.

W. C. Eichenberger, of the Paige Co., here with the sensational "6-66," will remain in the city a few more days to assist in demonstrating this wonder car. Call L. F. O'Donnell for demonstration.

## VETERANS OF FOREIGN WARS HAVE SPEAKERS

State Commander Will Be Among the Speakers—Good Music and Good Eats

The committee in charge of the banquet to be given by Harrison A. Dickson Post, Veterans of Foreign Wars has plans practically completed for the banquet to be given at the Peacock Inn Wednesday, March 16.

As heretofore announced, H. H. Bancroft will be the toastmaster. Other speakers secured are Mayor E. E. Crabtree and E. V. Dickson of Chicago, state commander of the Veterans of Foreign Wars. Mr. Dickson is a World War and Spanish War veteran, and is a fine speaker.

The committee has endeavored to reach every overseas veteran in the country. If any yet has been missed notify the committee that you will be there and a place will be ready. Lobby's Jazz band will furnish music.

We have all the wire and material on hand, for rent, for any kind of interior electrical decoration, or for outside illumination.

## FURNACE FIRM SELLS

One of the Jacksonville firms mostly highly pleased with the results of the Auto Show and Merchants Exposition, and with good reason, is August, Timmers, they having sold one carload of Weir furnaces.

The Weir furnace has an enviable reputation in Jacksonville and Augusts are proud to have the agency of this remarkable heater. Below is given a few of the many satisfied customers in and around this city. Opposite the names of some is the number of years the furnace has been in commission, truly wonderful records.

P. Bonansinga, 15 years; C. L. Stotson, 20 years; H. A. Mohr, S. W. Babb, Dr. C. E. Cole, Michael McGinnis, 18 years; Ben Lorton, 10 years; A. C. Ryce, 13 years; Charles Hopper, 15 years; John Noonan, 11 years; Rev. Edward Beck, 8 years; Mrs. Lee Allcott, 26 years.

J. B. Sauer, heating engineer and general salesman in this state for the Weir Company, was also much pleased with the outcome of the exhibit. Mr. Sauer is a practical furnace man, has served on the testing board of the state university of Illinois, and with the government in the late war; and we can assure you that if you buy a Weir according to his specifications you will have a furnace that is everlasting, economical, gas tight, dust proof, a gas and soot consumer, and absolutely satisfactory. Investigate at once and get prices.

Millinery opening Tuesday, March 15th.

**WINNERS IN CONTEST DECIDED BY DRAWING**

Among the guessing contests at the auto show and merchants exposition was that at the booth of the United States Underwriters' Co. A full coverage auto policy was the prize offered to the one who correctly guessed the number of keys contained in one urn and the number of washers and nuts in another urn.

In the first contest George Fuhr, Amos W. Vieira, Warren Wright and John R. Robinson tied, each guessing 350, while the urn contained 347 keys.

In the second contest J. D. Fitzsimmons was the winner, guessing correctly the number of washers and nuts in the urn to be 725. W. W. Stockton of Sinclair guessed 726 and thus came very near tying with Mr. Fitzsimmons. A prize was also offered for the one who correctly guessed the total number of keys and washers in the two urns. Mrs. Clarence York and John Snyder tied in this, each guessing 1,570 which was just two below the correct number.

A drawing was held last night at the booth to decide the ties, and as a result of this drawing Amos W. Vieira was the winner in the first contest, J. D. Fitzsimmons the second and Mrs. Clarence York the third.

## ELKS PREPARING FOR CEREMONIAL EVENT

Banquet Free to All Members Included in Program—Deputy Grand Exalted Ruler Coming—Adj. Gen. Dickson to Make Address.

Just about the biggest event in the history of the local Elks lodge is scheduled for next Thursday, when a class of 100 will be initiated. T. C. MacVicar, exalted ruler, and the other officers constitute the committee on initiation and the arrangements have been fully completed for a most impressive ceremonial. The general exercises will conclude with a banquet to be served at 10 o'clock in Grace M. E. church. This banquet will be served to all Elks without charge, the entire cost being borne by the lodge organization. The candidates are to assemble at the southwest corner of the David Prince building at 7 o'clock.

A concert program will be given at that time, lasting until 8 o'clock. Promptly at 8 o'clock initiatory exercises will be given under the direction of District Deputy Grand Exalted Ruler Harry Stuple of Litchfield.

Following the initiatory program an address will be given by Adjutant General F. S. Dickson of Springfield. His theme will be "Elks' Homes as I Have Seen Them." General Dickson in the discharge of his duties has visited practically all the larger cities of Illinois and as he is an enthusiastic Elk has been in the homes of the lodge maintained in these cities. It has also been his fortune to visit an unusual number of Elks homes in other states, and he will use these experiences as the basis for his address.

John W. Larson and Walter Wright are members of the banquet committee and the arrangements made promise a very satisfactory menu. Vincent Riley will be the toastmaster and the whole program will be of a high order. Flowers and plants for decorative purposes will be furnished by Heini & Son and the Hofmann Floral Co. and it is possible that the committee will complete arrangements tomorrow with J. H. Wilkinson for the general decorations. This work was so well done at the Auto show that the committee was led to consider an arrangement with Mr. Wilkinson for the decorations in connection with the initiatory ceremony.

## WOMAN ELECTED TO MUNICIPAL OFFICE

That women are to be more and more identified with political affairs, especially in a municipal and county way, was given further evidence in the recent election in Minnesota.

Mrs. C. D. Pierce was elected mayor of Goodhue and Mrs. Mary Sirin was chosen to similar office in Winton, where Mrs. Wilhelmina Hill was named city clerk. Three women chosen municipal treasurers were Mrs. Olive Eaver in Biwabik, Miss Bessie Bacon in Granada, and Mrs. Anna Ranquist in Coleraine.

## Grand Theatre MATINEE and NIGHT Saturday, March 26th

## To Theatre Devotees and Music Lovers

The Management extends thanks to its patrons in this city and vicinity for encouraging co-operation and generous support of attractions de-Luxe, which has enabled us to bring here the very best the stage affords; and now we take personal pleasure in announcing, that, under a liberal guarantee, arrangements have been perfected to present

The Master Composition of Those Beloved Composers, Gilbert and Sullivan

The Brightest of All Comic Operas Whose Tuneful, Haunting Melodies Will Never Grow Old

An All-Star Cast of recognized American Operatic Celebrities—A Wonderful Chorus—Beautiful Scenic Vesture—Gorgeous Oriental Costumes—Remarkable Lighting Effects and with an Orchestra of Symphony Players.

## Personnel of this Excellent Cast:

KARL STALL, "The Mikado," with Mme. Schumann-Heink in "Love's Letters" and various seasons with Savage's "Sally" and "Princess Pat."

RALPH BRAINARD, "Nanki-Poo"—A tenor of recognized ability. He is well and favorably known from coast to coast.

ED ANDREWS, "Ko-Ko," THE GRAND OLD MAN OF OPERA, LATE STAR OF THE FAMOUS ANDREWS' OPERA COMPANY AND LAST SEASON IN "ROBIN HOOD."

BRUCE WEBSTER, "Pooh-Bah," American born but for the last twenty years a resident of England, leading basso with the Carl Rosa Opera Company. He was with Adeline Patti in concerts.

MISS PATRICIA BAKER, "Yum Yum," late prima donna with "The Girl Behind the Counter," star with the Aborn Opera Company and nine months abroad singing to the soldier boys of Divisions 1, 2, 3 and 4.

MISS ANN MCCASHIN, "Pitti Sing," is a well known star of operatic skits, a headliner in vaudeville and was an entertainer in the "Red Circle" tents at the various camps during the war.

MISS MARY LAMBERT, "Peep-Bo," a graduate from the vaudeville and concert stage and a vocalist of rare ability.

MISS MEDORA GAROFALO, "Katisha," a comedienne of recognized worth and a Dunbar star for years.

**SPECIAL TO OUR PATRONS:**

Owing to the guarantee necessary to bring this attraction here there is small chance for profit to the management, yet we are well repaid in the knowledge that we are going to give our friends the very best musical production of the present season.

NOTE:—As capacity business is being played everywhere by "The Mikado," no telephonic order will be received, nor seats laid away on such orders and we wish to impress on our patrons the necessity of sending in their mail orders or calling in person at the box office in order that choice seat locations be secured.

Out-Of-Town Patrons:—A special block of seats are being held for out-of-town subscribers and mail orders will be filled in the order received.

"THE MIKADO" will really be a notable musical event.

Prices—Matinee, any seat \$1. Night, \$2, \$1.50, \$1, 50c.

## Walk a Block And Save a Dollar

How many times have you seen this sign on billboards, in the newspaper, on stationery? Why do you suppose we use it? What does it mean? There is a reason for everything and there is a reason for these words. They tell you that a furniture store—a good furniture store—because it is located on a street that does not demand high rent (which is called overhead expense)—invites you to come and buy your furniture at a lower price than you can get it elsewhere. Men walk considerable distance to get their favorite smoke and women all have their favorite "shops" which handle distinctly feminine things. A good many people, however, do not figure out that it is the dollar saved that means a bank account saved in the end. It is such places as THE PEOPLES that have enabled thrifty people—young people who need to and have to save every penny—get somewhere. Have you ever seen

**WILL BE MADE PUBLIC**

The meeting tomorrow evening in the new addition of the Congregational church under the auspices of the Red Cross, promises to be of more than ordinary interest. At this time the Community Study which was begun in October under the general direction of Miss Belden and has just been completed will be presented to the public.

Education, delinquency, recreation, housing and sanitation, and family welfare are among the subjects considered. It is in reality a Community study, since all the material was gathered by the people themselves living in the various sections of the county. Its importance is that in the years to come it will form the basis for all the peace-time work of the Red Cross throughout the county and it will be of value to other organizations working for community betterment. The public is cordially invited to be present Monday evening at 7:30 o'clock.

## AVIATORS WANT NAVY GUNNERS TO SHOOT AT THEM

Would Make Tests on War  
Ship Exactly as in  
War Time

## AIR MEN SEEM TO THINK IT CINCH

WASHINGTON, March 12.—  
Army aviators have become so  
enthusiastic over the proposed  
experiment of bombing naval  
vessels under approximate war-  
time conditions that scores of  
them have suggested, that the  
fleet be allowed to fire back at  
the planes with anti-aircraft  
guns.

While admirals and generals  
have been advancing and dis-  
puting claims that the airplane is  
far superior as a war weapon,  
army pilots have flooded the of-  
fice of the air service director  
with pleas that the matter be  
settled under actual war condi-  
tions.

Their interest in the subject  
has been aroused since the day  
when Josephus Daniels, then  
secretary of the navy offered to  
stand bare-headed on a deck of a  
battleship and let Brigadier Gen-  
eral Mitchell, head of the air  
service in the war department,  
take a crack at him with a bomb-  
ing airplane.

Lieut. C. C. Mosley, victorious  
pilot in the recent airplane race  
at Mineola field for the Pulitzer  
trophy would be "tickled pink"  
at the opportunity of a real fight  
with the navy gunners.

"I firmly believe," he wrote  
his chief, "that a bunch of those  
gobs would have about as much  
chance of hitting one of us, es-  
pecially if the old battleship were  
in motion, as the proverbial  
snowball."

With a fast plane I would feel  
perfectly secure to fly around all  
day over the Atlantic fleet, and  
let them shoot at me with any-  
thing they have—anything from  
a pop-gun to a 16-inch piece,"  
read a letter from Captain Har-  
vey Weir Cook of Fort Crook,  
Nebraska. Other army fliers, scat-  
tered over fields in many parts of  
the country, chimed in with  
similar willingness, each one  
asking he be allowed to take  
part in the experiment, should it  
ever come about.

Meanwhile in several air ser-  
vice flying fields bombing practice  
against silhouette warships placed  
upon the ground is being car-  
ried on.

Army fliers claim they could  
sink the biggest battleship with  
one direct hit of a 1,100 pound  
bomb dropped from an altitude of  
9,000 feet. They contended that  
the explosive would have such  
force it would buckle in the  
plates of the warship making it  
impossible to keep afloat.

Funk, Adolph Kaylor, Eddie  
Deifelmeier and Vernon Smith.

### GERMANS REFUSE

### TO SALUTE FRENCH

Duesseldorf, March 12.—(By  
the A. P.)—Inability of German se-  
curity police officers to compel  
privates to salute French officers  
caused General DeGoutte today to  
order the disarmament and dis-  
bandment of 1,200 security po-  
lice and command them to leave  
the city before 10 o'clock tonight.

An officer, a member of whose  
squad refused to salute a French  
major, has been fined three thou-  
sand marks.

Meantime the recalcitrant pri-  
vate stood laughing the com-  
mandant's waiting room. The  
French major had addressed him  
in German.

"You must salute me,"

The policeman replied:

"I won't."

He did not.

### SUPPER GIVEN BY

### PRINCIPAL SHAHER

Following the final game in  
the tournament Principal Shafer  
of the High school gave a supper  
party for the officials and several  
other guests at the Peacock Inn.  
The affair proved most pleasant  
for all and the guests spent some  
time in discussing the recent tour-  
nament. It was planned to have  
the coach and manager of the  
Springfield team present but they  
had to return to Springfield on  
the early evening train. Those  
present were: Principal Shafer,  
Coach Mitchell, Messrs. Baird  
and Carter of the Jacksonville  
High school, Messrs. Sagle and  
Brockman, Coach Harmon of Il-  
linois College and Manager  
Smith of the White Hall team.

### FUNERAL NOTICE

The remains of Mrs. Samuel  
Wilcox, who died Friday night,  
were taken to the Gillham funeral  
home and later conveyed to the  
home at Alexander. The services  
will be held at the M. E. church at  
Alexander Monday morning at 10  
o'clock. Burial will be made in  
Diamond Grove cemetery.

John Shumaker represented the  
Chapin vicinity on the square Fri-  
day.

Louis Wiley came to the city from  
Franklin on business Friday.

IMPORTANT YEAR IN  
METHODIST HISTORY

Date Is Sought in Connection with Anniversaries to Be Observed in 1921.

This is to be a great year for Methodism in Illinois, and especially for this city and county. The twenty-fifth anniversary of the founding of the Woman's College will be observed, together with the one hundredth anniversary of Methodism in Morgan county. It will be especially because of these anniversaries that the annual meeting of the Illinois Methodist conference is to be held in this city. The conference program while it will, of course, include all the general order of business, will be so shaped that it will fit in appropriately with these two important anniversaries. Preparations for observances are already under way.

The committee is desirous in its preparatory work of gathering historical material and photographs relating to the events and individuals associated with the earlier days of Methodism in this locality. Recently, in conversation with Dr. Joseph R. Harker, president of the Woman's College, said that he and the committee would thankfully receive any information or material concerning the earlier days. He gave some suggestion as to material wanted, mentioning the following:

1. It would be interesting if we could secure a photograph or picture of the first school house in Jacksonville. I have understood that perhaps the first public school organized within the limits of Jacksonville was a subscription school taught by William Thomas. I wonder if anybody has a picture of this school.

2. It would be interesting to have a picture of the log house which I have heard was built by Mr. Jordan on the grounds of the present Passavant hospital.

3. Perhaps some one can supply a picture of the Methodist church; perhaps there were two Methodist churches before the present Centenary church was built.

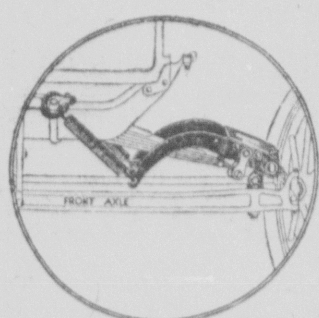

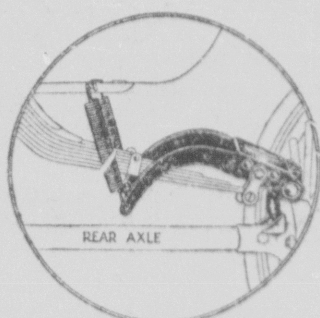

4. We would like to have portraits or pictures of the following: Peter Cartwright, Peter Akers, Rev. W. D. R. Trotter, Rev. Wm. Rutledge, Rev. Wm. C. Stribling, Wm. Thomas, Nicholas Milburn, Matthew Stacey, Wm. Brown, Rev. Wm. H. Milburn.

## FORMER RESIDENT

**DIED IN WEST**  
Mrs. E. L. Jones, who died recently at her home six miles northwest of Wayne, Neb., was formerly a resident of this city. Her maiden name was Emma L. Starr and the family removed from Jacksonville to Iowa in her girlhood days. A Wayne paper contained the following obituary notice:

Mrs. Emma Leona Starr Jones was born in Jacksonville, Ill., June 19, 1878. She was aged 42 years, 8 months and 15 days. Early in her life her family moved to Tabor, Iowa. When about 15 years of age she united with the Baptist church of Tabor, being baptized on May 15, 1893, and she has retained her membership in that church to the present. On March 6, 1895 she was married to Elwin Lewis Jones. Five children were born to this union, all of whom were boys and of whom four survive her. There remain to mourn her loss her father and mother, Mr. and Mrs. O. C. Starr of Tabor, Iowa; one brother, F. L. Starr, of Tabor, Iowa, one sister, Mrs. M. Probst, of Waterloo, Iowa, her husband and her four sons, Arno, of Wayne, Clarence of Carroll, Freeman and Earle.

FAVORITE LODGE IN  
SPECIAL CONVENTION

School of Instruction and Program Given Saturday Evening—Address by Rev. W. H. Mawbach.

Favorite Lodge No. 376 Knights of Pythias held a special convention Saturday evening. The convention was largely attended and proved of much interest. The lodge was opened in regular form by chancellor commander L. F. Jordan. He turned the meeting over to Frank Bracewell who conducted the School of Instruction. This feature proved profitable and interesting.

After the school of instruction an address was given by the Rev. W. H. Mawbach, pastor of State Street Presbyterian church. Music was furnished by the Gregory and Suiter mandolin club.

An amusing feature of the evening was a football game between teams captained by Hatfield and Pierson. Hatfield's team won. Several other games were played. H. V. Spainhower of Atwater was a guest of the lodge. A social hour and refreshments followed the program. The committee in charge was composed of W. E. Spoons, Frank Bracewell and Jewell E. Scott.

ELEVATOR STOCKHOLDERS  
HELD MEETING

Stockholders of the Strawn's Crossing Elevator Co. of which William Cleary is president held a meeting at the court house Saturday. There were not quite enough members present for the transaction of business but various matters related to the welfare of the company were considered. County Agent G. B. Kendall had been invited to attend and gave an informal talk on the organization of a livestock shipping association.

Basing his remarks upon experience in other localities and counties, Mr. Kendall made clear the advantages that come from co-operative efforts in livestock and the handling of some other commodities, especially in communities where there are shipping facilities. As a result of discussion which has been going on for some months a number of livestock shipping associations have been organized and benefits are expected to come to them thru their separate action and also because of certain co-operative plans.

FIFTY ACRES SOLD BY  
MASTER IN CHANCERY

Land belonging to the estate of the late Isaac Lazenby was sold at auction, Saturday, at the court house by Master in Chancery Henry W. English. Three tracts totaling 50 acres were offered. First 20 acres in Section 10, near the terminus of Mauvaister Creek Drainage district, was bid in by Robert Baptist at \$130 an acre. Then the 30 acres was sold. Afterward the 50 acres, all of which is timber land, was put up as a whole and was sold to Mr. Coultas at \$122 an acre. By agreement with Mr. Baptist, the 20 acres is to be his property. The 30 acres is located about one-half mile north of Point church and adjoins the Goltra farm, recently purchased by W. T. Richardson. J. Marshall Miller was the attorney for the estate. Most of the land of the Lazenby estate had previously been distributed among the heirs by agreement.

# SPRINGFIELD WINS DISTRICT TOURNEY

## CAPITAL CITY FIVE WINS HIGH HONORS FROM WHITE HALL

Winners Played Consistent Basketball Throughout the Tournament—Displayed the Best Passing Work Which Really Brought Them the Honors—J. H. S. Man on All-Star Team

Playing a consistent brand of basketball Springfield high school won the district basketball championship from White Hall in the final game Saturday night by a score of 23 to 14.

Springfield displayed the best passing game of any team in the tournament and it was their work in this department more than anything else that brought the final honors. The Springfield offense proved the old saying that a good offense is a good defense for it was so fast that their opponents never got set to stop it.

In fact, aside from Jacksonville, every team that faced Springfield played just the kind of game that Springfield wanted them to play. White Hall after displaying great speed in her preliminary and semi-final games did not show much in the championship game.

All of the teams gave Springfield an opportunity to form her five men defense when the ball went out of bounds and the result was that there was little chance for scoring except for long shots. Fast play by either Franklin or White Hall at such times might have changed the result.

Springfield must be given credit, however, for coming thru in the manner she did. All of the members of the team are slight boys and the work in every game was gruelling. This was especially true of the Jacksonville and Franklin games when Springfield was played completely out. They stuck gamely to their task and the final result was victory.

The capital city five was a clean bunch of players as were the White Hall men and the final game was unusually free from fouls for a championship affair.

While the score would indicate that the White Hall team was outclassed this is not true for the game was bitterly fought thru-out and until the last five minutes of play White Hall always had a chance if she could have made several baskets by fast play or long shooting. Springfield realized this and her men played their best and tried hard to make as many scores as possible until the last few minutes and then they played safe and merely kept the ball out of danger.

The day was a strenuous one for Springfield. They opened with Athens at 9 o'clock and winning that game drew New Berlin for the afternoon tilt.

The New Berlin game was a strenuous affair and Springfield put everything she had into the game until the score was finally made safe then she loafed a little.

White Hall, on the other hand only had one game during the day. At 2 o'clock she played Bluffs and while the game was rough the Scott county team never had a chance and it soon became a question of how many White Hall would make. In the second half Good scored seven field goals.

The tournament was handled better than any similar affair in the history of the local high school. Principal Shafer had an able corps of assistants and the large crowds were handled in fine shape. There was plenty of floor space for the players and this gave all the teams an opportunity to play their usual games.

The officiating also was first-

class. Messrs. Sagie and Brockman are perhaps the best officials ever assigned to a local tournament. They worked well together and kept the games moving fast all the time. Seldom were their decisions heard to call forth adverse comment except from some partisan who couldn't see his favorite team make a foul.

Coches Harmon, Ramsey, Andrew and George Tandy alternated as official timekeepers, while Byron Cully and Andrew did the official scoring and all gave excellent satisfaction.

There was a large number of White Hall students in the lobby of the hotel when the members of the Springfield team came in. They cheered each member of the team which had won victory over their rivals and thus further illustrated the great American spirit of fairness. It was indeed a fitting climax to a splendid tournament in which the best team won.

Local basketball fans may well be proud of the fact that Jacksonville secured a member of the first team selected by the officials, and that another of the honors went to a member of the Franklin team which we really consider a part of us.

The selections seemed to us to be about as good as could have been made. It would take a nifty basketball team to defeat the first squad after they had practiced awhile. One noticeable feature of this year's tournament teams was the absence of running guards and centers of high class.

In past years there has been a surplus of these. However, there were none of the class of Hull, former Jacksonville star at guard, and Bell, former Jerseyville star at center. Had Bill Knight of Waverly had two good legs under him he would have undoubtedly won the position of running guard.

CHAMPIONS WILL MEET AT U. OF I.

Winners in Basketball Districts Will Fight It Out for Final Honors.

Urbana, Ill., March 11.—The championship high school basketball teams, representing 21 districts of Illinois, will meet here on the University floor March 17, 18, and 19 to determine the state championship.

Elaborate preparations are being made for the entertainment of the high school players, and the loyal fans who will accompany them. The teams that are eliminated early in the race will be cared for by the various fraternities on the campus, in order that they may stay and see the rest of the tournament.

After the tournament is over, a program of wrestling, boxing and various musical and vaudeville stunts will be given by the students of the University for entertainment of the prep school visitors. At this time the trophies will be awarded to the winning team.

The University Gymnasium, with its enormous seating capacity of 5,000, is admirably fitted for tournament play, and in past years has had capacity crowds during the final games. Out of town baseball enthusiasts are urged to come, and every effort will be made to show them thru the University. Student guides will be available to take the visitors thru the different buildings and over the University farms. Season tickets may be reserved by writing Carl Lundgren, 201 Men's Gymnasium, Urbana, Ill.

## WHITE HALL SHOWS FINE SPORTSMANSHIP

Cheer Springfield Team After Victory Over White Hall—Losers Display Fine Spirit.

White Hall's rooters who were here for the tournament gave as fine a display of sportsmanship as is ever seen Saturday evening after the final game in which their team lost first honors.

Usually the rivalry is keen and feeling runs high between the teams which reach the finals. While the rivalry was keen the spirit of both teams and their supporters was the finest ever seen in Jacksonville.

Before the game and during the game, the rooters cheered for the opposing team. But it was at the hotel that the fairness of the White Hall rooters was displayed. The officials Sagie and Brockman said the spirit was the finest they had ever seen displayed.

There was a large number of White Hall students in the lobby of the hotel when the members of the Springfield team came in. They cheered each member of the team which had won victory over their rivals and thus further illustrated the great American spirit of fairness. It was indeed a fitting climax to a splendid tournament in which the best team won.

Local basketball fans may well be proud of the fact that Jacksonville secured a member of the first team selected by the officials, and that another of the honors went to a member of the Franklin team which we really consider a part of us.

The selections seemed to us to be about as good as could have been made. It would take a nifty basketball team to defeat the first squad after they had practiced awhile. One noticeable feature of this year's tournament teams was the absence of running guards and centers of high class.

In past years there has been a surplus of these. However, there were none of the class of Hull, former Jacksonville star at guard, and Bell, former Jerseyville star at center. Had Bill Knight of Waverly had two good legs under him he would have undoubtedly won the position of running guard.

CHAMPIONS WILL MEET AT U. OF I.

Winners in Basketball Districts Will Fight It Out for Final Honors.

Urbana, Ill., March 11.—The championship high school basketball teams, representing 21 districts of Illinois, will meet here on the University floor March 17, 18, and 19 to determine the state championship.

Elaborate preparations are being made for the entertainment of the high school players, and the loyal fans who will accompany them. The teams that are eliminated early in the race will be cared for by the various fraternities on the campus, in order that they may stay and see the rest of the tournament.

After the tournament is over, a program of wrestling, boxing and various musical and vaudeville stunts will be given by the students of the University for entertainment of the prep school visitors. At this time the trophies will be awarded to the winning team.

The University Gymnasium, with its enormous seating capacity of 5,000, is admirably fitted for tournament play, and in past years has had capacity crowds during the final games. Out of town baseball enthusiasts are urged to come, and every effort will be made to show them thru the University. Student guides will be available to take the visitors thru the different buildings and over the University farms. Season tickets may be reserved by writing Carl Lundgren, 201 Men's Gymnasium, Urbana, Ill.

## LEGAL BATTLE IS LIKELY IN WHITE SOX CASE

Attorneys of Players Will Fight Motion to Postpone

PLAYERS WANT TO GET BACK IN GAME

By Associated Press. CHICAGO, March 12.—Formal announcement today by the state that a six months' postponement would be sought in the trial of Chicago White Sox players accused of throwing the 1919 world series brought charges from defense attorneys that an attempt was being made to shelve the case and leave the indicted players permanently under a cloud of suspicion. The trial is to start Monday.

The prosecution declared the delay would be sought "to make certain that the men back of the series scandal were driven out of baseball and into the penitentiary." Judge George T. Barrett, American League attorney in the case, said the prosecution had found its evidence was not ready for proper presentation to a jury. New evidence now being gathered would give the state an impregnable case, he said, and might result in a further grand jury investigation with indictment of men he declared should have been indicted in the inquiry conducted last fall.

Judge Barrett scoffed at rumors that the case was being pigeonholed, saying the only reason a delay was sought was to assure convictions. He only recently came into the case, he explained, and had not had time to whip it into shape, while the state's attorney's office had been too busy with Chicago's crime wave to do the work necessary in the baseball matter.

To proceed with the case might make a farce of it and result in guilty men escaping punishment, Judge Barrett declared. Will Fight Postponement Thomas P. Nash, attorney for Buck Weaver, "Swede" Risberg, Oscar Felsch and Fred McMullin, and Benedict Short, attorney for Claude Williams, Joe Jackson and allied with D. P. Cassidy of Detroit in the defense of Eddie Cicotte, said they would fight to the finish any attempt to procure a long delay in the trial.

Two weeks or thirty days would

be granted as a matter of courtesy they said. Jackson and Weaver said they opposed even a short postponement as they wanted to be cleared immediately so they could be back in baseball this season.

Judge K. M. Landis, baseball commissioner, placed all the indicted players on the ineligible list when he heard of the proposed postponement and said they would remain there pending the trial. This automatically bars them from playing with any club in organized baseball.

Concerning the possibility of the grand jury evidence not being sufficient to obtain conviction of guilty persons, Judge Charles A. McDonald, who started the grand jury quiz said that if witnesses repudiated their statements there might be some difficulty.

Attorney Cassidy who recently came here from Detroit to confer with state's attorneys over the trial, refused to comment on post-

ponement announcement, but Attorney Nash said that "Public opinion was swinging toward indicted men and that the state knew it was fighting a losing case was seeking the easiest way out."

"We have petitions signed by 10,000 Chicago fans asking the reinstatement of Buck Weaver," he said. "This plea of the state is just bunk. They are trying to leave these men with their characters permanently besmirched without an opportunity of clearing themselves."

FOUR AMERICAN SAILORS KILLED

Mexico City, March 12.—Four sailors, said to be Americans, were killed in Tampico, yesterday, according to newspaper despatches today. Up to noon the United States embassy here had received no other reports of the killing.

The men, who were part of the crew of the Norwegian ship Saxon, were attacked as they were boarding a launch by five masked men in another launch, the despatches say.

## WOMAN'S CLUB HEARS FINE ART LECTURE

Head of Chicago Art Institute Spoke Here Saturday Afternoon Before Large Audience.

The Jacksonville Woman's club held its regular meeting yesterday afternoon at the I. O. O. F. hall on East State street. The speaker of the afternoon was Edward Eggers, director of the art institute at Chicago, who pleased his large audience with an excellent presentation of the subject, "Moods in Art and Music."

Previous to Mr. Eggers' address Mr. Kitch played a group of much appreciated violin numbers. Following were his selections: Romance—Svendson. Indian Snake Dance—Burleigh. Nur Wen die Sehnsucht keunt Tschaikowski.

From a Canerake—Gardner. Mrs. Buffe, the club president, then announced the prizes which the Woman's club had awarded in the "City Beautiful" contest which was recently held. The contestants were school students from the David Prince and High school for Jacksonville Booster posters. The first prize was awarded to Vivian Pires, second to Reon Hamilton, third to Farrell Crabtree, fourth to Izzetta Kumble, fifth to Marguerite Shoedsack and the sixth to Helen Dinwiddie. The Ayers bank gave a special prize to Harry Griswold, who made a splendid clay model, but who could not enter the Woman's club contest because it was clay modeling.

Mr. Eggers was then announced and gave a most comprehensive lecture of unusual interest. With the use of stereopticon slides and the Victrola, he illustrated the relation of moods in music to similar moods in art. Unity in a work of art is what creates a spell. A thing has mood because it has unity. In this connection the Gothic architecture has a triumph in beauty even though there are ugly and revolting gargoyles used in the building. They are subordinated to the general beauty and the unity is thus preserved.

Mr. Eggers then made a most interesting comparison between the usual and auditory sensations. He played a selection on the Victrola and drew on a board a composition which showed the relation between the drawing of lines and the rising and falling of the melody. The rhythm of the music seemed to guide the artists' hand and the audience was delighted with the resulting pictures. The note of color that came into the music appeared on the canvas as he drew.

The speaker then compared the St. Gaudens statue of Lincoln with the statue of Bismarck in Germany. Both possess the vertical lines denoting strength but in the St. Gaudens statue there is a wavering of the line which gives the quality of tenderness, humility and love to the sculpture of our Great American.

The Bismarck statue, on the other hand, has the unerring vertical line which denotes imperialistic, overpowering force. The figures in our own statue in the

Central Park also illustrate this. The large upper figure has the straight, vertical, rigidity of an ideal conception while the human, loving quality is manifest in the lower figures.

Some music was played which corresponded in its rhythm to these vertical lines. The mood of defeat is represented in painting by a disorganization of lines and figures, while victory is told by the solidity of massed grouping.

The landscapes drawn to a funeral march are different from those painted under the inspiration of lighter music. The mind of the artist is more musical than we realize and Mr. Eggers finished his lecture by the playing of a selection which corresponded to the dancing brilliant and playful mood of one of Corot's landscapes. The speaker made a charcoal drawing to the rhythm of the music, showing how short disconnected lines are indicative of the light, playful mood.

The members and guests of the Woman's club enjoyed a pleasant social hour following the lecture and many of them had the privilege of meeting Mr. Eggers.

Closing out sale, Wed., March 16.—Frank Mawson.

Twelve Reasons Why Any Young Man Should Be A Member of the Y. M. C. A. By W. A. ZISCHANSKY, Dallas, Texas.

Because it is an association of moral young men and a common meeting place for all religions—Christian, yet non-sectarian.

Because it affords him good clean Christian and moral companions—brotherliness and good fellowship.

Because of the secretaries in charge who are in the work primarily for the service they can render young men and who are capable of generally and unselfishly assisting and giving sound advice.

Because it offers the opportunity for Christian service and development.

Because it has the equipment to make him physically fit.

Because it has the means of developing him into a four-square man—spiritually, mentally, physically and socially.

Because it has the means of discovering, bringing out and developing leadership.

Because it will show that he cares or wants to be in the right kind of company and environment.

Because of the example or influence he will have, or has, upon those who would look to him as their hero or ideal.

Because it instructs young men how to live, to avoid evil and to protect manhood.

Because it is a place where he can profitably spend his spare

time in good reading and whole-some games.

Because it is a place where he can study and prepare himself now so that when his opportunity comes he will be ready.

### ONE AUTO DEALER SELLS 668 CARS

Report Shows Howard Zahn as Selling One-Fifth of New Cars Sold in Morgan County.

An enthusiastic auto owner and one who is fond of figures Saturday made an interesting observation.

On the east wall of Zahn's garage is stenciled the names of purchasers of new automobiles sold by Howard Zahn since he commenced business about six and a half years ago. The total is six hundred sixty-eight, all new cars, sold in Morgan county.

In Saturday morning's Journal appeared a story which showed that, according to Secretary of State Emmerson's yearly report ended December 31, 1920, there were registered in Morgan county during that year, 3692 automobiles. By a little figuring the interesting fact was brought out that of every five and one-half new automobiles sold in Morgan county one new car was sold by Zahn's garage. Or, to make it plainer, one-fifth of the new car sales in this county was made by Howard Zahn.

In discussing the large number of sales made by him Mr. Zahn said: "The automobile business has grown by leaps and bounds as one readily can see by the constantly increasing registration reports made by the secretary of state from year to year, and everything points to an excellent business in 1921. To give a good idea of the number of new cars sold by me just visualize the fact that it would require the combined capacity of my two garages to hold the six hundred sixty-eight new cars I have sold."

### PROMINENT D. A. R. MEMBERS COMING HERE

James Caldwell Chapter Rapidly Shaping Events for 25th Annual State Conference.

It is said that not often has a city of this size had the honor of entertaining the conference of the Illinois Daughters of the American Revolution. It is for this reason that more than usual interest attaches to the twenty-fifth conference, to be held in Jacksonville, Tuesday, Wednesday and Thursday, March 22, 23 and 24. Women prominent in national and state D. A. R. councils will be in attendance and the program as outlined will be of distinct interest to the members of the various chapters and to the public generally.

The general sessions are to be held at the Congregational church, with possible social events at the D. A. R. Memorial home. At the Thursday session the work of the national organization will be the basis of an address by Mrs. George Maynard Minor, honorary president general of the national D. A. R., Washington, D. C. Other notable guests will be Mrs. George Phacker Guernsey, honorary president general, Washington, D. C.; Mrs. John Trigg Moss, state regent of Missouri; Mrs. William Wait, of Ann Arbor, Mich.

Since its organization, in 1896, the Rev. James Caldwell chapter has grown in strength and influence. Today the chapter has a membership of 212 and is known throughout the state because of its enthusiasm in those things for which the D. A. R. as an organization stands. The arrangements for the conference are under the direction of the board of management, which consists of the officers and the chairmen of the committees. The officers and directors are:

### Social Events

The Congregational church chorus choir was given a waffle supper last evening in the church dining room. It was given by the social committee and members of the Sunday school helped in the serving. The social committee consists of Miss Lillian Havenhill, Miss Irene Merrill, Miss Flory Taylor and Mrs. W. A. Fay.

**Sigma Pi Give Dance**  
The Sigma Pi society of Illinois College gave a dance last evening at the Colonial Inn. It was a very delightful event in every respect. Dancing commenced at 8 o'clock and excellent music was furnished during the evening. Most attractive hand-made programs bearing the society shield in gold, contained the order of dances. Two novelty favor dances added to the enjoyment. In the course of the evening an excellent supper was served. Worthington Adams was the chairman of the committee in charge of this successful event. Among the guests of the evening were Mr. and Mrs. H. H. Bancroft, Mr. and Mrs. E. P. Brookhouse, Dr. and Mrs. Ellsworth Black, Mr. and Mrs. Edward Tomlinson and Mr. and Mrs. Harold Swain, of Sinclair.

**I. W. C. Students Had Big Carnival**

The Woman's College students all enjoyed a big carnival last night in the gymnasium. It was given by the Y. W. C. A., and everybody had a gay time. All kinds of side shows, confetti, balloons and clever stunts were included in the carnival amusement. There was an orchestra for dancing and booths, where "good eats" were sold were erected around the gym.

The committee in charge of the carnival included Misses Janette Wallace, Helen Kent and Hulda Harnel. The co-operation of all the girls made this a very successful affair.

**Gleaners Gave Rush For Mrs. McFadden.**

The Gleaners of Ebenezer gave a miscellaneous rush in honor of Mr. and Mrs. Howard McFadden, who were recently married, Saturday night, with forty in attendance. Various games afforded much amusement during the evening. Refreshments were served and at a late hour the guests departed wishing Mr. and Mrs. McFadden much happiness.

**Entertainment at School for Deaf.**

Saturday evening the boys of Mr. Putnam's boy scout group of the School for the Deaf entertained the girls of Mrs. White's group of scouts. The entertainment was given in the gymnasium and the evening was pleasantly spent with games and dancing and later refreshments were served. Some weeks ago the scouts of Mr. Brasel's group were entertained in a similar manner by the girls of Miss Hasenstab's group.

**Gave Birthday Party.**

Miss Lologene Phillips was surprised Friday evening by twenty of her young friends who had planned to help her celebrate her eleventh birthday. The party was given at the home of her parents, Mr. and Mrs. John R. Phillips, 331 West College avenue. The guests played games and had a very enjoyable time. Delicious refreshments were served during the evening.

**A Children's Party.**

Little Martha Elizabeth Poole entertained Saturday afternoon at her home on West College avenue to celebrate her seventh birthday. Twenty-two of her friends were invited to come and play Easter games and have a good time. Even in the attractive refreshments served the Easter idea was carried out. All the little guests had a lovely afternoon.

### TAKE UP QUESTION OF TRAIN SERVICE

C. F. Elmie was in St. Louis Saturday with a committee from the T. P. A., and U. C. T., to take up with H. E. Watts, general passenger traffic manager, the matter of having the two trains put back on the Hannibal branch of the Wabash.

Mr. Watts assured the committee that whenever business justified it the trains would be put in operation again. Mr. Watts gave the committee figures showing that a total of over sixteen hundred miles of passenger service had been discontinued since January 1. All roads have operated at a loss and the general trend at present is toward retrenchment.

## "Gifts That Last" Buying Good Jewelry Is A Good Investment

Jewelry isn't a trinket that is bought today and forgotten tomorrow; it is something that carries with it a memory of a lifetime, a constant reminder of the donor and the constant appreciation of the recipient.

That is the sentiment behind our Quality Jewelry. The Diamond is the peer of "lasting gifts." The Watch has a favored place among "gifts that last." A Pearl Necklace is a prized possession.
